Further changes to our services and temporary timetables due to COVID-19

Following government advice to limit non-essential travel, we're making further changes to our services and timetables across East Scotland from Wednesday 1 April 2020.

The changes ensure that essential routes are maintained wherever possible. Please make sure you've got the most up-to-date information.

At the moment, the latest information won't be available on our journey planner but click below to download the temporary timetables:

If you're a key worker and need to give us feedback on our temporary timetables across East Scotland because you're concerned they don't meet your needs, or you have comments about social distancing you can do so [here](#).

If you need more information about our response to COVID- 19, please visit [our Coronavirus webpage](#)

We want to reassure you that our absolute priority is to protect the safety of our customers and employees. So, we've introduced enhanced hygiene measures across all our buses and are encouraging the use of contactless payment, which keeps us all a little safer. You can pay by contactless with your card or device on all our buses so please go contactless if you can.

The Safety of you and our drivers comes first to us

Social distancing onboard our buses:

- Keep an empty seat next to you and try to avoid getting close to your fellow passengers.
- To help reduce the spread of the virus, please take your newspaper with you when you get off the bus.
